

# vSherpa Pr6biotics dietary supplement

Meet **vSherpa Pr6biotics**, a dietary supplement where science meets nature to promote gut flora health and overall body well-being. Each capsule contains six different carefully selected strains of probiotics, each providing 1 billion CFU (colony forming units), a total of **6 billion live bacterial spores** , and **prebiotic inulin** to feed the probiotics and support healthy gut flora.

In addition to Inulin, the vSherpa Pr6biotics formula includes the following strains: *Lactococcus lactis* , *Lactobacillus helveticus* , *Lactobacillus gasseri* , *Bacillus subtilis natto* , *Bifidobacterium breve* and *Bifidobacterium longum* . This special combination helps maintain intestinal health, supports the immune system, improves digestion and contributes to general well-being.

The product's capsules ensure that vSherpa Pr6biotics is the perfect choice, allowing everyone to contribute to the health of their gut flora and thus, indirectly, their own well-being. A healthy gut flora plays a key role not only in digestion, but also in mental health, strengthening the immune system and preventing many chronic diseases.

Take the step towards a healthier life with the vSherpa Pr6biotics dietary supplement, which brings the results of the most modern biotechnological research directly into the capsule. Get started today and experience the difference a balanced gut flora can make to your quality of life.
